Registration of Veterinary Pharmaceuticals in China

Learn how to navigate the regulatory system of veterinary pharmaceuticals in China.

Format:
Bespoke training

CPD:
1.5 hours for your records (depending on your requirements)

Certificate of completion

Course overview

The market demand for veterinary drugs in China is substantial. However, companies must navigate the regulatory barrier due to China's distinct and separate regulatory system.

This course aims to provide practical advice and guidance on successfully obtaining market approval for veterinary drugs in China. Participants will gain a comprehensive understanding of the necessary requirements.

Throughout the programme, expert speakers will elucidate relevant regulations, and registration procedures through presentations, while also addressing participant questions.

You may also be interested in our Animal Feed and Feed Additive Registration in China and Thailand course running on the same day!

Benefits of attending

- **Understand** the relevant regulatory systems and frameworks
- **Gain** an insight into the specific data requirements
- **Explore** registration processes
- **Learn** the associated testing requirements
- **Consider** the costs for obtaining market approval
- **Confirm** about the applicability of overseas registration files and common issues encountered during import registration

Who should attend

This event will be beneficial to companies interested in expanding into the Chinese markets, as well as to registration personnel responsible for market approval matters:

- New entrants to registration departments
- Veterinary medicinal product manufacturers
- Registration managers
- Research and development departments
- Academics with an interest in commercialising opportunities

Run this programme in-house for your whole team

Coming to IPI Academy for your in-house training provides an all-inclusive service which gives you access to a wide variety of content, learning platforms and delivery mechanisms as well as your own personal training adviser who will work with you from the initial enquiry through to feedback and follow-up after the programme.

With over 600 trainers, all practitioners and experts across a huge range of fields, we can provide the training you need, where you need it, when you need it, and at a price which suits your budget. Our approach to tailored learning and development consists of designing and delivering the appropriate solution for each client.

For your FREE consultation and to find out more about how we can work with you to solve your training needs, please contact our training advisers:
