Fire Safety Compliance - Preparation, Business Continuity and Emergency Procedures

This masterclass will equip you with the knowledge required to successfully put a fire safety policy in place within your workplace environment.

Format:
Bespoke training

CPD:
3 hours for your records (depending on your requirements)

Certificate of completion

Course overview

Fire safety is an important part of health & safety compliance within a business. This intense masterclass is ideally suited for all those who have responsibility for fire safety compliance within their business. The expert and highly experienced trainer will help delegates to better understand the regulations and practical aspects of this complex area to ensure businesses aren't falling short of the strict and complex regulations they need to comply with.

To ensure they are compliant, every business should:

- have a fire risk assessment in place
- supply and maintain fire safety equipment
- understand the risks and fire hazards within their working environment
- know what the fire procedures are and how to implement them in an emergency
- have a business continuity plan in place should the worst happen

Attend this event to ensure you're up to date with the latest fire safety regulations and your company is operating within the law. There will be time during the course to ask your questions to the expert trainer.

Benefits of attending

There is a legal obligation upon businesses to ensure that fire safety regulations are complied with. The regulations in this area are complex but compliance is essential, the right preparation and procedures could save lives. This masterclass will give you the knowledge and skills to ensure you and your business are acting within the law and that you are demonstrating compliance should an event arise.

The speaker, a specialist in fire safety compliance, will use case studies and real-world examples throughout this webinar to help bring the subject to life, ensuring delegates gain a full understanding of this important area.

Who should attend?

All those who have responsibilities within a business relating to fire safety, including:

- Fire Safety Officers
- Health and Safety Managers and Officers
- Facilities Managers
- Compliance Managers
- Property Managers
- Office Managers with fire safety responsibilities
