Animal Feed and Feed Additive Registration in China and Thailand

15 April 27
+ 21 October 27

Learn how to navigate the regulatory system for animal feed and feed additives in two emerging markets.

Format:
Live online

CPD:
2.5 hours for your records

Certificate of completion

Course overview

The market demand for feed/feed additives in China and Thailand is substantial. However, companies must navigate different regulatory barriers in each country.

This course aims to provide practical advice and guidance on successfully obtaining market approval for feed/feed additives in China and Thailand. Participants will gain a comprehensive understanding of the necessary requirements.

Throughout the programme, expert speakers will elucidate relevant regulations and registration procedures through presentations, while also addressing participant questions.

You may also be interested in our Registration of Veterinary Pharmaceuticals in China course running on the same day!

Benefits of attending

- **Understand** the relevant regulatory systems and frameworks
- **Gain** an insight into the specific data requirements
- **Explore** registration processes
- **Learn** the associated testing requirements
- **Consider** the costs for obtaining market approval

Who should attend

This event will be beneficial to companies interested in expanding into the Chinese and Thai markets, as well as to registration personnel responsible for market approval matters:

- New entrants to registration departments
- Feed/feed additive product manufacturers

Presenters

Bi Jun

Bi Jun is a pharmaceutical expert with more than 10 years of experience in health product development and registration in China. Currently in Knoell Shanghai, he is mainly responsible for regulatory support and the registration of pharmaceutical ingredients and packaging materials for human drugs (DMF), Biocides, feed/feed additives and veterinary drugs.

Anongrut (Mai) Surarutrungsri

Anongrut (Mai) Surarutrungsri serves as the Regulatory Affairs Manager at Dr. Knoell Consult Thai. Her role encompasses several key responsibilities including Regulatory Intelligence, Monitoring changes in regulations, guidelines, and policies across ASEAN countries, as well as providing Product Registration support and Communication with Regulatory Agencies in Thailand. With expertise spanning across various domains including Animal Health, Chemicals, Biocides, Cosmetics, Medical devices, Food, Food contact materials, and Industrial products, Mai offers valuable insights and guidance to clients on regulatory requirements, changes, and best practices for compliance in Thailand. Additionally, she conducts training sessions to ensure stakeholders are well-informed and equipped to navigate the regulatory landscape effectively.

Zheng (Christine) Yang

Yang Zheng, Sales manager of Knoell Shanghai, has been working in the regulatory consulting field for more than 10 years. Currently in Knoell Shanghai, she is responsible for market development of Knoell's global technical services, which covers regulatory consulting, technical development, and registration services for feed and feed additives in China, Europe, and the United States.
