Good Writing Practice for Clinical Research: Ethics, Standards & Compliance

This course covers ethical standards, data integrity, audience tailoring, document structure, clarity, consistency, citation, and tools for quality control and compliance.

Format:
Bespoke training

CPD:
1.5 hours for your records (depending on your requirements)

Certificate of completion

Overview

This course covers key principles of medical and scientific writing, including ethical standards, data integrity, and plagiarism prevention. Participants will learn how to tailor content for various audiences, structure documents (e.g., manuscripts, protocols), and adhere to writing standards such as clarity, consistency, and correct citation. The course also introduces tools for quality control and regulatory compliance.

Benefits of attending

- **Understand** Good Writing Practice (GWP) standards
- **Create** clear, accurate, and well-structured scientific documents
- **Be compliant** with regulatory and industry requirements

Who should attend?

- Clinical research professionals, including clinical research associates, investigators, and study coordinators
- Medical writers, regulatory writers, and publication professionals
- Quality assurance specialists and compliance officers in pharmaceutical and clinical research organisations
- Anyone involved in clinical trial documentation, regulatory submissions, or scientific publications seeking to improve their understanding of good practices and ethical guidelines

Run this programme in-house for your whole team

Coming to IPI Academy for your in-house training provides an all-inclusive service which gives you access to a wide variety of content, learning platforms and delivery mechanisms as well as your own personal training adviser who will work with you from the initial enquiry through to feedback and follow-up after the programme.

With over 600 trainers, all practitioners and experts across a huge range of fields, we can provide the training you need, where you need it, when you need it, and at a price which suits your budget. Our approach to tailored learning and development consists of designing and delivering the appropriate solution for each client.

For your FREE consultation and to find out more about how we can work with you to solve your training needs, please contact our training advisers:
